

Anirbaan Haldar

COMPUTER SCIENCE & ENGINEERING UNDERGRADUATE

Hyderabad, India • anirbaanhaldar@proton.me • baanbhaba.dev • github.com/baanbhaba • linkedin.com/in/baanbhaba

EDUCATION

CMR College of Engineering & Technology (CMRCET)

2025 – 2029 (Expected)

B.Tech in Computer Science & Engineering (AI & ML) — Hyderabad, India

TECHNICAL SKILLS

Programming	C, C++, Python, JavaScript, TypeScript, Rust, Bash Scripting
Web Technologies	React, HTML5, CSS3, Tailwind CSS, Vite, REST APIs
Systems & Environment	Linux (Fedora, Arch Linux), Unix Shell, SSH, Dotfiles Configuration
Developer Tools	Git, GitHub, Neovim (Lua), VS Code, Vercel

FEATURED PROJECTS

ALCHEMI — Automated Code Migration Platform [↗ GitHub](#) [↗ Live Demo](#) (User/Pass: **Rust • React • TypeScript • Electron** baanbhaba)

- Designed a migration platform to convert legacy codebases into memory-safe Rust services.
- Implemented static analysis routines to inspect code structure, detect errors, and check memory safety.
- Built an interactive dual-runtime web interface and desktop app for reviewing and editing converted code.

Unix Desktop Environment & Workflow Suite [↗ GitHub](#)

Linux • Bash • Lua • Wayland

- Configured a minimal, keyboard-driven tiling workspace using Hyprland, Waybar, and Neovim.
- Automated desktop theming, daemon startup, and workspace orchestration using modular Bash scripts.

Personal Portfolio Platform [↗ GitHub](#) [↗ Live Demo](#)

React 18 • Tailwind CSS • Vite

- Designed a responsive personal portfolio deployed on Vercel showcasing project work, photos, and system dotfiles.
- Implemented an interactive Web Audio synthesizer module to demonstrate real-time browser audio playback.

LEADERSHIP & CAMPUS INVOLVEMENT

Program Coordinator — AI Collection Program

CMRCET

- Managed technical sessions, coordinated student cohorts, and organized venue logistics for departmental workshops.

ACHIEVEMENTS & ACTIVITIES

- Samsung Solve for Tomorrow:** Participating in the national-level innovation hackathon (in collaboration with IIT Delhi).
- Smart India Hackathon (SIH):** Shortlisted in the internal college screening round.
- RAMS English Proficiency Assessment:** Secured **2nd Place (Runner-Up)** in campus evaluations.
- Workshops & MUN:** Participant in Qiskit Quantum Computing workshops (BITS Pilani Hyderabad) and CMRCET MUN.

LANGUAGES

English (Professional Working) • Bengali (Native) • Hindi (Basic Conversational)
